Activity Sheet Instructions:

*Coloring Media simply refers to your choice of things to color the project with...crayons, marker, paint, etc. Play the music that goes with each activity sheet while working on the projects. Card Stock is recommended for some projects for durability, but you may use regular white paper.

Reproducible 15-A – God's Eyes

Materials: Copy on White Card Stock/ Scissors/ Pink Cellophane or Syran Wrap/ Glue/ Pipe Cleaners

1. Point out that God doesn't need glasses, but we do in order to see things differently.
2. Color the glasses and cut them out. (Children may need help cutting out the center of the glasses. There are circle cutters in Scrapbook supplies.)
3. Cut out two 2" X 2" squares of pink cellophane (or Syran Wrap).
4. Put glue on the back of the circular eye glass rims.
5. Smooth the cellophane paper against the glue.
6. Trim off excess paper.
7. Take 2 pipe cleaners and insert them through the "X's" in the hearts.
8. Bend the pipe cleaner into a small knot on the front of the glasses.
9. Bend the back side of the pipe cleaner over the ear.
